

## St Ives Green Space

Data From HDC Document OPEN SPACE, SPORT AND RECREATION NEEDS ASSESSMENT AND AUDIT (2006)

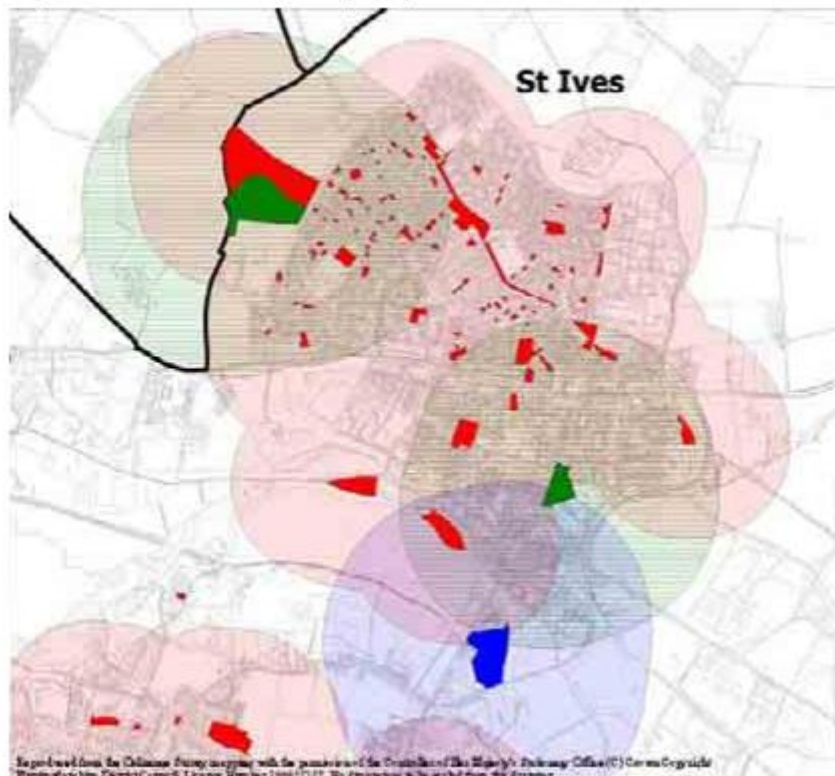

Copy of report is here: <https://www.huntingdonshire.gov.uk/media/1637/open-space-sports-and-recreation-needs-assessment.pdf>

		Area (ha)	Provision/1000 population		Area against standard (ha)
St Ives	Parks and Gardens (green on map below)	9.12	0.3	Hillrise Park Warners Park	<b>-5.64</b>
	Natural and semi-natural (Blue)	4.71	0.15	Holt Island Willhorn Meadow	<b>-2.36</b>
	Amenity Spaces (red)	39.21	1.28	Various	<b>+5.70</b>

Table of green spaces – page 41 , value against standard table on page 53.

### Map showing areas in St Ives

Map 5.8 - Provision of informal open space in St Ives Market Town

## Note

- Town Council has a larger scale map showing these areas and who is responsible
- Holt Island area shown in red, it should be blue
- Since map produced – part of former golf course site to become park area

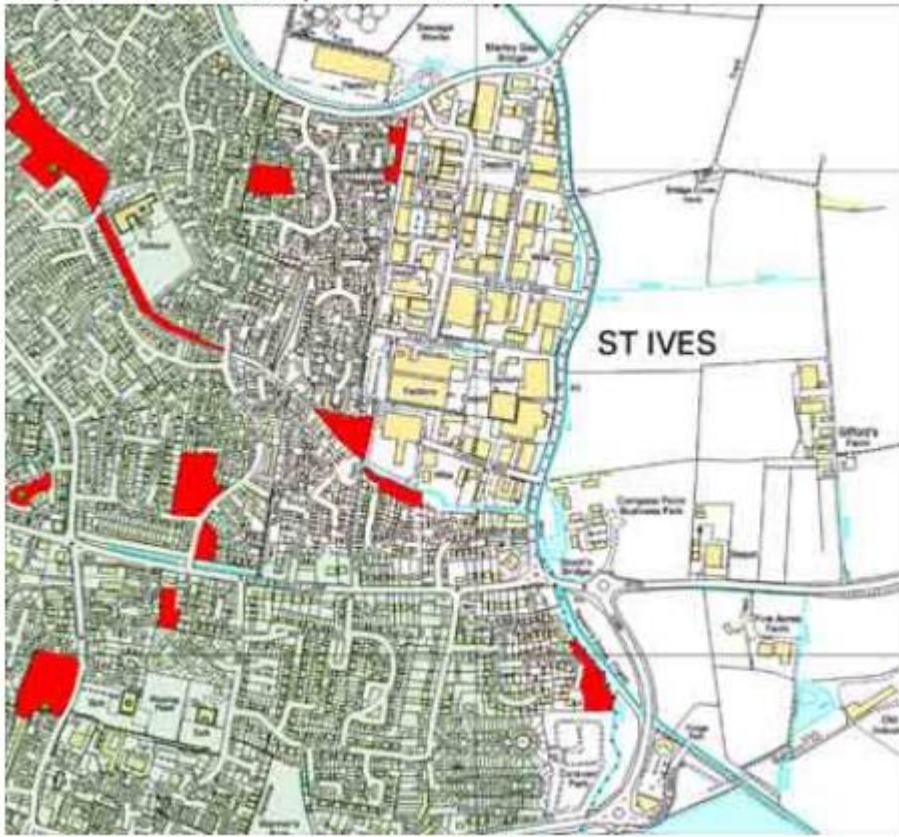

## Some policy ideas from the document (in HDC LP)

<b>INF1</b>	Protect all existing informal open space sites over 0.2ha unless it can be proven that they are surplus to requirements.  Protection of sites in areas otherwise devoid of open space is essential.  The protection of open space sites is discussed further in section 12, planning implementation.
-------------	--

<b>INF2</b>	Any new housing developments should consider the need for informal open space provision. A decision regarding the most appropriate type of space to be provided should be taken in the context of other spaces in the area and access to other facilities. The recommended local standards should be applied to determine developer contributions.
-------------	--

This map shows areas in St Ives with poor access to green space – not sure what can be done about it. Green space shown in red. Document says houses should be within 480m (10 min walk) to provide access to children. (Note: Warners Park not highlighted)

Map 6.8 – deficiencies of provision in St Ives.
