Chairman's

### PROPERTY COMMITTEE MEETING

**DATE:** 19 July 2017

SUBJECT: GENERAL PROPERTY & MAINTENANCE UPDATE

### 1 Purpose of Report

1.1 To provide Members with an update detailing the ongoing program of Council property and property maintenance.

### 2 Recommendations

- 2.1 That the maintenance report be received and noted.
- 2.2 That up to £6,000, including contingency, from revenue or reserves as appropriate be approved for the flooring in the Corn Exchange.

### 3 Background

3.1 The Council maintains a number of buildings in the community. This report covers the schedule of maintenance which has been agreed.

### 3.2 YORK HOUSE

The tenants have requested that the rent be kept at 2016/17 level (£810pcm) due to disruption experienced during the building works. This was agreed by the Town Clerk. the amount was within delegated powers.

### 3.3 **BURLEIGH HILL**

Fire Safety service undertaken.

### 3.4 CORN EXCHANGE

The floor in the entrance hall is lifting and showing signs of wear. In part, this is due to the matting put in place by the Corn Exchange and a sign where ballast water has been leaking contributing to water damage. Two of the three quotes required have been received and final quote due 17 July 2017.

New matting will also take into account dementia friendly patterning.

### 3.5 BUS STATION TOILETS

The deep cleaning of the toilets has reduced the number of complaints regarding the smell from the toilets from members of the public.

Concerns are still being monitored regarding vandalism.

### **GLOBE TOILETS**

Flushing malfunction has meant that the ladies toilets has been out of action. The part needed to fix the problem is on order – supplier has apologised for delay. As a result, alternatives such as the use of solar power and a generator, are being considered rather than being connected to the main electric grid.

### 3.6 **GM DEPOT**

Relocation to the Depot has taken place. Some works are still being undertaken. Quotes for connection to the electricity grid have increased significantly more than expected and so alternatives including renewable energy and use of a generator

are now being reviewed.

### 3.7 TOWN HALL

Investigation into required works and the potential renovation of the basement continues although indications are that dampness may be an issue.

New Tenants are due to move in to the rear ground floor space in August 2017 as per Property Committee PR07.0

### 3.7 CHAPEL LIGHTING

The external lighting of the Chapel has been reported and works are scheduled. Access to one of the lights is restricted and this is being investigated.

### 4 Proposal

- 4.1 The maintenance report of work completed for 2016/17 and completed/planned for 2017/18 be noted.
- 4.2 Corn Exchange flooring works be agreed subject to final quote not being more than £6,000 including contingency with the funds coming from the current budget or reserves due to the work being necessary.

### 5. Financial Implications

5.1 See above

### 6. Policy Implications

6.1 There are no new policy implications anticipated from this report.

### 7. Health and Safety Implications

7.1 Health & Safety issues mitigated by planned maintenance.
